The procurement is related to a project and/or programme financed by European Union funds: no

II.2.14) Additional information**Section III: Legal, economic, financial and technical information****III.1) Conditions for participation****III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions:

Tenderers must be registered in a company register, professional register or a trade register in the country where the tenderer is established.

Documentation Requirements: Norwegian companies: Company Registration Certificate. Foreign tenderers: Verification that the tenderer is registered in a company register, professional register or a trade register in the country where the tenderer is established.

III.1.2) Economic and financial standing

List and brief description of selection criteria:

Tenderers must have sufficient economic and financial capacity to fulfil the contract. Credit worthy, good solidity, as well as turnover of minimum at a level of the sum of the estimated annual contract value will be sufficient to fulfil the requirement.

Minimum level(s) of standards possibly required:

Documentation requirement:

Credit assessment based on the most recent accounting figures. The rating must be carried out by a credit rating agency with a licence to provide such service.

Documentation requirement:

Credit assessment based on the most recent accounting figures. The rating must be carried out by a credit rating agency with a licence to provide such service.

If deemed necessary, the contracting authority will obtain a credit assessment, from a credit information agency with a license to provide such services. This will be a supplement to the documentation given in the tender.

If a tenderer has valid reasons for not being able to provide the documentation requested by the contracting authority, the tenderer can document his economic and financial capacity by presenting other documents considered suitable by the contracting authority.

III.1.3) Technical and professional ability

List and brief description of selection criteria:

1. Tenderers must have experience from comparable assignments.
2. Tenderers must have the technical capacity and relevant technical expertise to fulfil the contract.
3. Tenderers must have a good and well-functioning quality assurance and quality management system for the products that are to be delivered.
4. Tenderers must have an environmental management system.

Minimum level(s) of standards possibly required:

1. Documentation requirement:

Description of up to three of the tenderer's most relevant/comparable assignments in the last three years.

Relevant assignments means deliveries to customers that use the equipment for the same purpose as the police, or other public entities with an equivalent use to the police, or similar. The description must include, amongst other things, a statement of the assignment's scope and value, date, and recipient (name, telephone number and e-mail address). It is the tenderer's responsibility to document relevance through the description. The contracting authority can contact the stated references for verification and/or supplementary information.

2. A description must be given of the tenderer's technical personnel or technical entities that the tenderer has at their disposal to fulfil the contract.

3. Tenderers must submit documentation of their quality assurance and management system. The following documentation will be accepted: Certificates for the tenderer's quality assurance/quality management system issued by independent bodies confirming that the tenderer meets the quality assurance standards according to ISO 9001 or equivalent, or a description that as a minimum includes the tenderer's procedures/routines for deviation and claims management, authorisation of sub-suppliers, the process from reception and registration of orders up until delivery has been made to the customer.

4. Tenderers must present documentation of their environment management system. The following documentation will be accepted: Valid attestation/certificates issued by independent bodies (e.g. ISO 14001, EMAS, Eco-Lighthouse or equivalent, or a description of the tenderer's own environmental management system. The description must as a minimum include an environment policy and environment goals.
